DOABNO

Compare clearly. Choose confidently.

A simple mark for a simple choice:

Two price lines inside a custom D. Navy establishes structure;
orange marks the alternative. The buyer makes the decision.

The wordmark colors DOAB in navy and NO in orange.
A distinct, minimal system intended for digital and print.

02 LOGO FAMILY

Primary / white **Reverse / navy** **App icon**

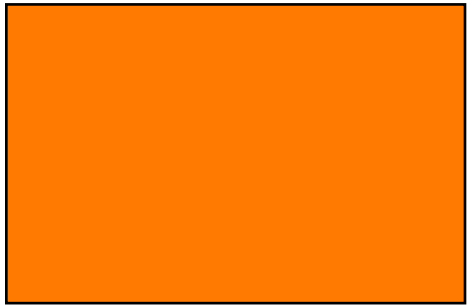

Use the SVG/PDF masters; PNG exports are raster convenience files.

03 COLOR & TYPE

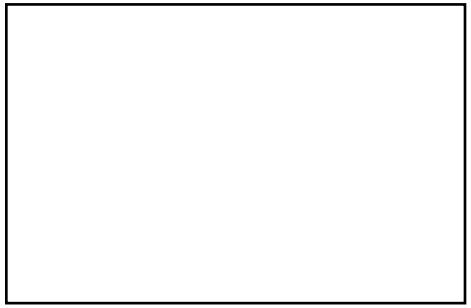

DEEP NAVY

#0E2A47

SAVINGS ORANGE

#FF7A00

WHITE

#FFFFFF

INK

#172B3A

Accent orange: visual emphasis only. Small text on white: #A94300.

UI typography: Inter or a legible system sans; use tabular numbers for prices.

No color reliably causes a purchase. Test hierarchy and conversion with users.

Print color conversions require proofing on the target paper / press.

04 RULES & HANDOFF

1. Keep D-height clear space. Min lockup: 180 px / 45 mm.

2. Primary on light; reverse on navy; monochrome for one-color use.

3. Do not stretch, rotate, shadow, trace or change the supplied shapes.

4. Use actual merchant prices; do not claim guaranteed lowest prices.

5. Developer: use SVG masters and supplied CSS tokens.

6. Check 32 px favicon, mobile UI, website header and print proof.

Trademark artwork is NOT an approved or registered trademark.

Search similar marks and verify owner, classes and filing format with SAIP.
